	Ava	Reeves		Justo Corp.
	Buckminster	Whitfield		Mattis Semper Dui Company
	Ifeoma	Silva		Mauris Rhoncus LLC

Use the Attendee Status drop down to select the status you want to see. Usually this will be Registration Complete.

Select the attendee types you want in your report. Click on  Attendee Types and tick the types you want.

Click 

To add the data fields that you want displayed in your report, click  and tick/untick the fields you want.

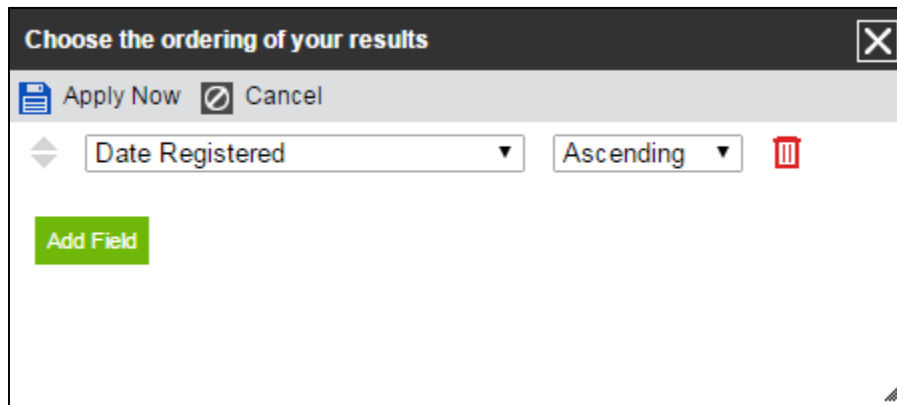

You can also change the order of the fields by dragging them up and down.

Click  to view the fields you have selected.

You can sort the data into the order you want in your report. Click  and select the order you need.

The default is to have the most recent registration at the top but you may want to have it ordered by surname, or company name for example.

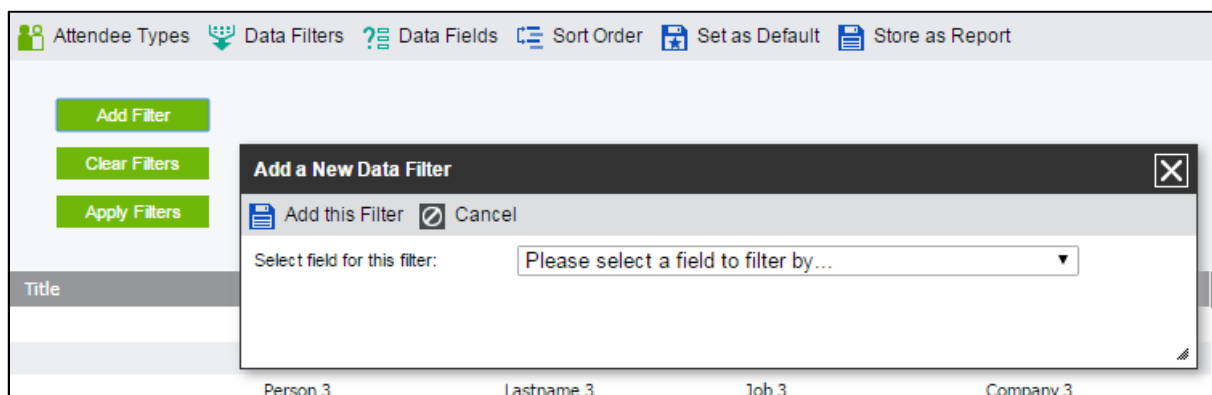

Click  to sort your data according to the criteria specified.

Next you need to filter your data to create your report.

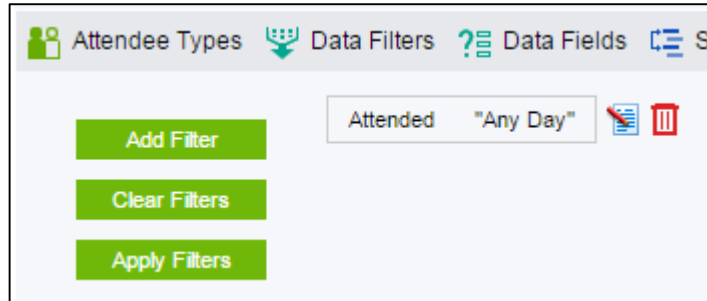

Click .

To add a new filter, click .

Select your criteria from the drop down boxes.

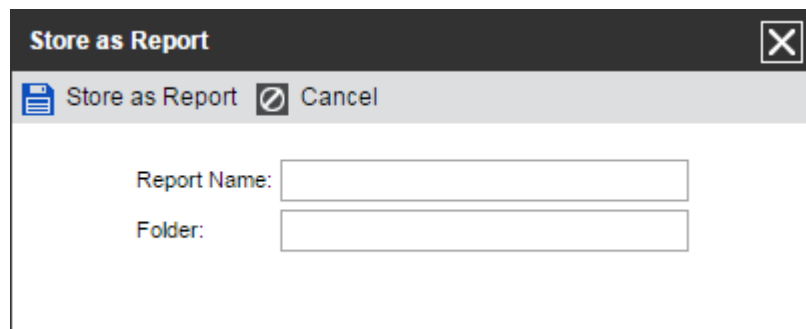

Click  Your filter will be shown on the screen.

You can continue to add more criteria to your filters if you want, or if you're ready to filter your data, click [Apply Filters](#) and the data will be filtered according to your specified criteria.

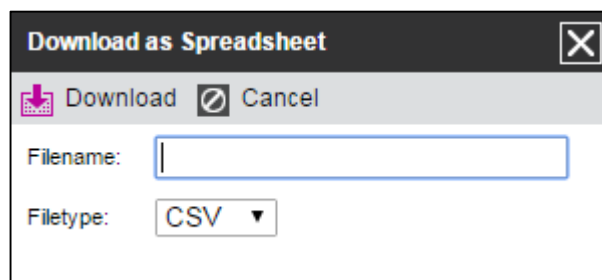

To save this set of filters as a report, click [Store as Report](#)

Name your report and specify a folder if you want, then click [Store as Report](#) to save.

You can also download the report by clicking [Download](#)

Name your file, select whether you want CSV or XLSX and click Download and the file will be downloaded.

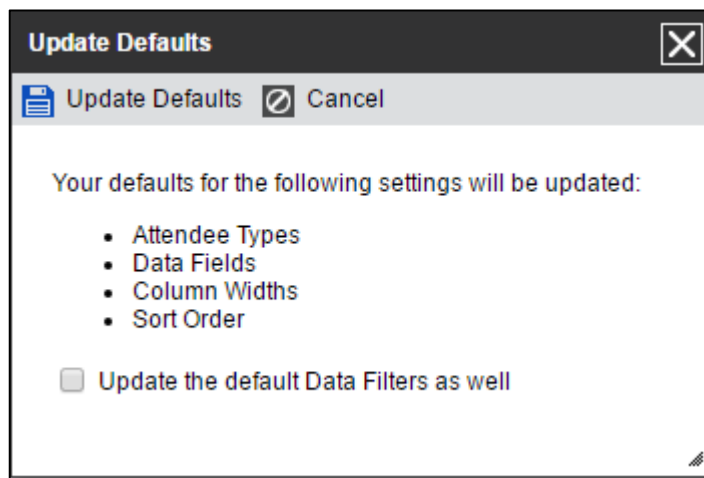

Set a Default Data View

You can store any of your settings as default so that you will see your data like that any time you visit the Registrations page.

To do this, click 

You have the option to add on your data filters to the default settings, to do this, tick the box.

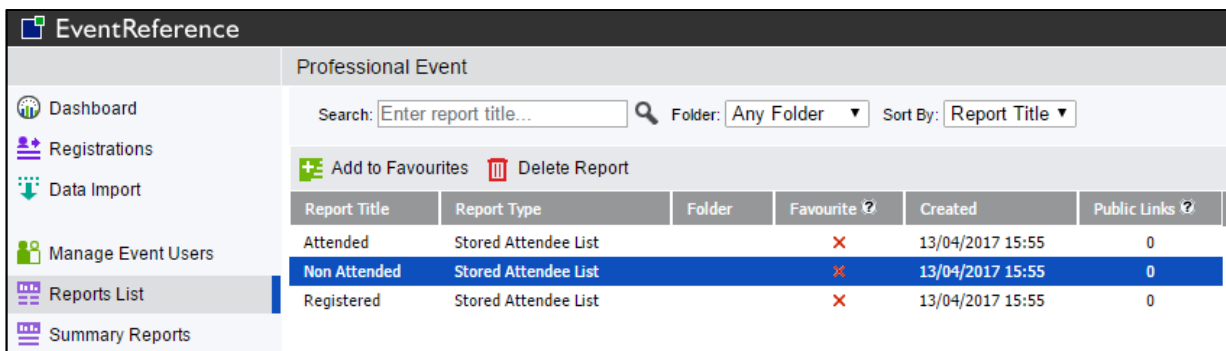

Click  to save.

View Stored Reports

To view your stored reports, select 

You will see a list of all the stored reports in your event.

To re-run a report, double click on it, click on the **Actions** tab and then select **Run Report**

Details **Actions** Public Links History

Reload Report Reload all of the report settings for modification

Run Report Run the report to see anyone who is included. This runs the report against the current data in the system.

This will give you the most up to date data based on the criteria specified.

Download Report to File

Title	First Name	Last Name	Job Title	Company Name
	Isaac	Campbell		Sed Incorporated
	Ronan	Robbins		Eget Corporation
	Melissa	Patrick		Phasellus Corp.
	Burton	Black		Proin Company
	Samantha	Melton		Eu Ligula Associates
	Grant	Harding		Eleifend Nunc Company
	Lee	Cantrell		Aliquet Company
	Breanna	Roy		Tempor Company

You can download the data from here in the same way as before.

To modify the report criteria, click **Reload Report**

This will take you back to the Registrations screen where you can make amends to your settings.

To save your new settings, click **Store as Report**

You will then have the option to either overwrite the existing report or save a new one. Click the option you want.

Store as Report [X]

Overwrite the existing report

Save a copy with a new name

Setting Favourite Reports

You can set up some reports as Favourites to have quick access to them from the Registrations page.

These will appear on the top bar.

To set a report as a favourite, highlight it in the Reports List and then click

YOUR EVENT. YOUR WAY.

Self-service registration & badging

"I've signed up for EventReference"

"I can't believe how easy it is to get all the reports I need"

"I found it to be fast, powerful and easy to use for my event"

"I was able to extract the information easily, which is perfect"

"Being able to target abandoned registrations helped drive my registration numbers up"

What our customers say...

"We have been using EventReference through RefTech for over two years now and in this time we have seen it develop and progress constantly. As a small, independent conference organiser, Opening Doors & Venues needed a straightforward, pay-per-event platform for gathering registrations, that would be easy to manage in-house - it is exactly what EventReference offered us. We use the platform for both free-to-attend and paid-for registrations with multiple attendee types and varied fee structures and find the interface very user friendly, whether it is for building a landing page or formatting the registration form. We must also applaud the RefTech staff for their patience and promptness in providing the support we constantly require - even though at times we ask the oddest of questions!"
